

## **AUTHOR LICENSE AGREEMENT**

The intent of this license agreement is to give Oklahoma State University (OSU) permission to post and disseminate this work through Open Research Oklahoma and to migrate the item (i.e., copy it) for preservation purposes. Authors who submit their work to Open Research Oklahoma retain the copyright of their work unless they explicitly give it away to a third party. OSU does not seek or claim copyright on any of the works submitted to Open Research Oklahoma unless it already owned such copyright.

A non-exclusive distribution license means that authors may formally publish their work and/or make copies of their work available on other websites or through other means without obtaining permission from Oklahoma State University.

If you have questions, please contact us at [libraryhelp@okstate.edu](mailto:libraryhelp@okstate.edu).

## **NON-EXCLUSIVE DISTRIBUTION LICENSE**

By accepting this license, you grant OSU the non-exclusive right to reproduce, translate (as defined below), and/or distribute your submission (including the metadata and abstract) worldwide, in any format or medium for non-commercial, academic purposes only. By granting this license, you still retain copyright to your work. You do not give up the right to submit the work to publishers or other repositories.

OSU will clearly identify your name(s) as the author(s) or owner(s) of the submission, including a statement of copyright, and will not make any alteration, other than as allowed by this license, to your submission.

You agree that OSU may, without changing the content, translate the submission to any medium or format and keep more than one copy for the purposes of security, back up, and preservation. You also agree that authorized readers of your work have the right to use it for non-commercial, academic purposes, so long as all attributions and copyright statements are retained.

You represent that the submission is your original work, and that you have the right to grant the rights contained in this license. You also represent that your submission does not infringe upon anyone's copyright or other proprietary rights. You also represent and warrant that the submission contains no libelous or other unlawful matter and makes no improper invasion of the privacy of any other person. If the submission is a dataset, the author understands that the data must be in its final state and is not expected to undergo revisions. Any private, confidential, or other legally protected information must be removed from works by the author prior to submission.

If the submission contains material for which you do not hold copyright and is not in the public domain, you represent that you have obtained the unrestricted permission of the copyright owner to grant OSU the rights required by this license, and that such third-party owned material is clearly identified and acknowledged within the text or content of the submission. The Repository is meant to be a permanent scholarly record and once an item is deposited, removing content is discouraged. However, content may be removed from the Repository under certain circumstances. Reasons for removal may include copyright infringement, plagiarism, or falsification of data.

Regardless of an author's affiliation with OSU or participating institutions, their material will remain in the Repository. At their request, new contact information can be added to their files.

**IF THE SUBMISSION IS BASED UPON WORK THAT HAS BEEN SPONSORED OR SUPPORTED BY AN AGENCY OR ORGANIZATION OTHER THAN OKLAHOMA STATE UNIVERSITY, YOU REPRESENT AND WARRANT THAT YOU HAVE FULFILLED ANY RIGHT OF REVIEW OR OTHER OBLIGATIONS REQUIRED BY THAT CONTRACT OR AGREEMENT.**
