1. License agreements for online Library resources require that off-campus access to be limited to currently enrolled OSU-Stillwater students, and to faculty (including Emeriti) and staff currently on the OSU-Stillwater payroll. Off-campus access is automatically available to these groups.
2. Affiliate Status is not required for use of the Library facilities or collections on site, nor for use of electronic resources while on campus.
3. Off-campus access via login with OKey email address and password may be available to certain affiliates under carefully defined circumstances, based on determination of whether the affiliate's relationship complies with license agreement requirements. Most common among these are 1) visiting scholars or faculty officially affiliated with an OSU College and working on campus for at least one semester, but who are not on the OSU-Stillwater payroll; 2) students on campus for one or more semesters under a contract with an OSU program (for example the Clinical Program for Foreign Veterinary Graduates). This excludes summer camps and institutes.

Off-campus Library Access is requested for the above individual. Please describe the nature of the individual's relationship to OSU: _____

By completing this request, I understand that if remote access is granted the following conditions apply. Failure to comply will result in loss of access.
